

AGILE HIGH PERFORMANCE TEAMS

Combined Scrum Master, Product Owner Certification.

PURPOSE

To provide knowledge and practical experience for team members to lead Agile teams and or sustain customer and strategic focus and alignment.

IN THIS 2 DAY COURSE YOU WILL LEARN

- How to use the Scrum Framework to deliver products and services faster and with higher quality
- How to leverage lean principles to identify waste in a system, process, or organisation
- Techniques and metrics Scrum Masters use to improve team happiness and performance
- The patterns and practices of high-performing teams
- How the Scrum Master role scales in an Agile implementation
- How the Product Owner role enables the delivery of products and services faster
- Techniques and metrics to assess business value for prioritising features, projects, and portfolios to gain a competitive advantage
- How to consistently deliver a successful product to the marketplace
- The patterns and practices of high-performing Scrum Teams

WHO SHOULD ENGAGE

This training is for all levels of Scrum experience. Any team member or leader looking to learn how to lead high-performance Agile Scrum teams and sustain exceptional customer and stakeholder engagement and alignment. Leaders and team members looking to create an Agile highly innovative organisation.

PREREQUISITES

This training is for all levels of Scrum experience. There are no prerequisites.

LEARNING APPROACH

This course can be hosted in person or virtually via Zoom & innovative, practical online tools. The course runs for two days, typically 8 am to 4 pm. Two half-hour breaks and a one-hour break are provided for learners to rest, eat and catch up on work if needed.

CERTIFICATION

A 70% pass on the post-course test will provide attendees with the following certifications:

- Registered Product Owner™ (RPO)
- Registered Scrum Master™ (RSM)

WHAT THEN?

- Annual Coaching package
- Community meetups each month.
- Enterprise Excellence Podcast
- 2 further Agile Courses: Agile Enterprise and Leading an Agile Organisation

SCRUM MASTER FURTHER INFORMATION

Scrum master

IN THE SCRUM MASTER COMPONENT OF THE COURSE YOU WILL LEARN

In this course, we'll share insights and strategies from decades of success training people to become high-performing Scrum Masters and Scrum teams in businesses around the globe. Through a combination of lectures, hands-on exercises, and a review of real-world case studies from across a diverse set of industries, you will experience first-hand the impact of the Scrum framework and the importance of the Scrum Master role.

With the help of your instructor, you will learn:

- How to use the Scrum Framework to deliver products and services faster and with higher quality
- How to leverage lean principles to identify waste in a system, process, or organisation
- Techniques and metrics Scrum Masters use to improve team happiness and performance
- The patterns and practices of high-performing teams
- How the Scrum Master role scales in an Agile implementation

WHO SHOULD ENGAGE

This training is for all levels of Scrum experience. Any team member or leader looking to learn how to lead high-performance Agile Scrum teams and sustain exceptional customer and stakeholder engagement and alignment. Leaders and team members looking to create an Agile highly innovative organisation.

PREREQUISITES

This training is for all levels of Scrum experience. There are no prerequisites.

LEARNING APPROACH

This course can be hosted in person or virtually via Zoom & innovative, practical online tools. The course runs for two days, typically 8 am to 4 pm. Two half-hour breaks and a one-hour break are provided for learners to rest, eat and catch up on work if needed.

CERTIFICATION

The course fee includes access to the Registered Scrum Master™ exam. Students who successfully complete the course and pass the exam will earn their Registered Scrum Master™ credential signed by the co-creator of Scrum, Dr Jeff Sutherland.

WHAT THEN?

Completing this course gives you FREE access to our monthly community meet-ups for three months. Email us to take part.

Brad also provides monthly one-on-one coaching for one year - see detail on 4th page.

PRODUCT OWNER

PRODUCT OWNER FURTHER INFORMATION

IN THE PRODUCT OWNER COMPONENT OF THE COURSE YOU WILL LEARN

In this course, we'll share insights and strategies from decades of success training people to become high-performing Scrum Masters and Scrum teams in businesses around the globe. Through a combination of lectures, hands-on exercises, and a review of real-world case studies from across a diverse set of industries, you will experience first-hand the impact of the Scrum framework and the importance of the Product Owner role. The Product Owner is critical to the success of any Scrum project, yet the role is generally considered to be the most challenging one in Scrum. This course teaches you how to be a successful Product Owner. You will learn:

- How the Product Owner role enables the delivery of products and services faster
- Techniques and metrics to assess business value for prioritising features, projects, and portfolios to gain a competitive advantage
- How to consistently deliver a successful product to the marketplace
- The patterns and practices of high-performing Scrum Teams

WHO SHOULD ENGAGE

This training is for all levels of Scrum experience. Any team member or leader looking to learn how to lead high-performance Agile Scrum teams and sustain exceptional customer and stakeholder engagement and alignment. Leaders and team members looking to create an Agile highly innovative organisation.

PREREQUISITES

Suggested Prerequisite: Scrum Master training, and prior knowledge of Scrum is extremely helpful.

LEARNING APPROACH

This course can be hosted in person or virtually via Zoom & innovative, practical online tools. The SMPO 2-day course runs for two days, typically 8 am to 4 pm. Two half-hour breaks and a one-hour break are provided for learners to rest, eat and catch up on work if needed.

CREDENTIAL PROCESS

The course fee includes access to the Registered Product Master™ exam. Students who successfully complete the course and pass the exam will earn their Registered Product Owner™ credential signed by the co-creator of Scrum, Dr Jeff Sutherland.

WHAT THEN?

Completing this course gives you FREE access to our monthly community meet-ups for three months. Email us to take part.

Brad also provides monthly one-on-one coaching for one year - see detail on 4th page.
